**Purasoft™ dry molton wash mitts.**

Purasoft™ is a soft wash mitt ideal for a patients daily wash. The tear proof, non-woven flannel, gives

Purasoft™ superior softness, water absorption capacity and strength.

Purasoft™ is packed in a handy re-closable bag.

Because Purasoft™ is disposed of after each use; it reduces the risk of contamination during cleansing.

Advantages:

- Time saving
- Efficient
- Cost effective
- A safe alternative to textile wash-mitts

Purasoft™
